2011-2012 School Year

Dear Parent/Guardian and Students:

Thank you for taking the time to visit Morey's website. We welcome you to stop by or make an appointment to visit our campus. Morey offers three outstanding academic programs and we are proud of our highly committed staff and diverse student population. We offer three academic programs to serve our students' learning styles: an in-depth Traditional Program, a challenging High Strides Program and unique Highly Gifted & Talented Magnet Program.

Morey is privileged to have a high level of involvement and commitment from its families. Parents, guardians, grandparents and extended families create a rich community to support students' learning at Morey. If you are interested in becoming involved at Morey, please contact Jen Heth, Morey's Community/Family Liaison, to find out more about parent initiatives and opportunities. Whether you have an hour a week or an hour a year to volunteer, every bit contributes to the success of our school.

Morey is proud to offer Intersessions, an initiative that takes students out of the classroom and into the community to learn, volunteer and experience the opportunities that Denver and the Front Range have to offer. Fall Intersessions will take the form of two academic-related field trips by grade and academic program, to explore and address questions related to the classroom curriculum in an experiential way. The spring Intersessions will take place May 7-11, 2012 and will allow students to choose the area of focus for the entire week. These experiences range from downtown field trips to mountain rock climbing to out of state trips including SeaCamp in San Diego and a tour of Washington D.C.

If you have questions regarding the curriculum in any of our programs, please contact us. If you would like to schedule a visit for you or your child, please contact Jen Heth at 720.424.0700 or download and email the visit request form, found on the Morey website. Thank you for your interest in Morey Middle School. We believe Morey has strong academic programs, a nurturing community and an exciting environment to make your child's middle school experience a positive one.

Sincerely,

Dori Claunch, Principal
