What does a librarian do?

- 1) attends "collaboration" to plan with teachers and to integrate technology into the curriculum.
- 2) Maintains computer carts for use in the classroom and library.
- 3) Balances library budget, orders printed/non-printed materials, maintains the materials.
- 4) Creates and maintains a lab and library schedule for the building.
- 5) Teaches the latest technology and research skills to the staff and students.

The Library Program:

1) Please visit Morey's library page for updated information concerning the program (also a link on Morey's homepage):
